EXPERIENCE

Full Stack Software Developer Intern

May 2022 – Present

Expedia Group | Seattle, WA

- Contributed to the building and implementing of frontend and backend systems using technologies like SpringBoot, AWS, and React.
- Stayed up to date with current technologies used in the company and collaborated with my team to spearhead the development of payment gateways and distribution systems.
- Used technologies like GitHub, Confluence, Jenkins, Spinnaker, Docker, and Jira as well as the SCRUM management framework to continuously develop, check, and deliver production code in an easy and efficient manner.
- Assisted in the development of a distribution system to efficiently deliver payments to third-party vendors and individuals working with the company.

Software Content Marketer

June 2021 - June 2022

DoorLoop | Miami, FL

- Specialized in various functions of the company, including search engine optimization, graphic design, editing, and social media marketing.
- Utilized software including Figma, StoryChief, Adobe Illustrator, and Webflow to maximize exposure of the company's services to the public.
- Collaborated with a group of motivated team members on other projects pertaining to the same field.

Junior Web Developer / Webmaster

May 2021 – June 2022

Florida International University | Miami, FL

- Provided front-end website development using WordPress and other editing and design software.
- Oversaw technical issues and troubleshooting requests to resolve surfaced problems.
- Designed, implemented, and monitored web pages, plugins, and functionality for continuous improvement. Applied knowledge of JavaScript and Object-Oriented Programming to create successful designs.
